We have a passion for providing remarkable service and quality products, so that doctors can deliver exceptional results to your patients.

Corza Medical is a new and growing medical device and biosurgery company of established brands that have a history of delivering innovative products to the global surgical community. Our mission is to champion clinicians with outstanding products and remarkable service that save time, money and effort.

Our Customer Promise:

Remarkable Service

A seamless, personal experience designed around our customer's needs.

Trusted Performance

Our products are the result of years of experience championing clinicians and listening to their expertise.

Outstanding Value

No matter the specialty, we deliver access to high quality products that support the reduction in total costs along the patient pathway.

With a competitive portfolio of products and technologies with clinical relevance in multiple disease states across the patient pathway, Corza Ophthalmology can be your partner of choice.
